

健康で、安心して 住み続けられるまち

A town where people can continue to live in good health and with peace of mind

基本施策1

地域福祉の 推進

地域での支え合いの仕組みづくりや、福祉を担う心豊かな人づくり等により、市民一人ひとりの個性や考えが尊重されるとともに、市民がお互いに助け合い、幸せに暮らせることのできるまちづくりを目指します。

Basic Measure 1 Promotion of Community Welfare

Through the creation of a system of mutual support in the community and the development of people with rich hearts who are responsible for welfare, we aim to create a community where each citizen's individuality and ideas are respected and where citizens can help each other live happily together.

基本施策2

子育て支援・子育て 環境の充実

子育て環境のさらなる充実に向け、待機児童解消に資する取り組みや子育て支援ネットワークづくり、ひとり親家庭へ自立支援の推進により、誰もが子どもを産み育てやすく、未来の担い手である子どもたちが笑顔で健やかに育つまちを目指します。

Basic Measure 2 Child-rearing support and enhancement of child-rearing environment.

To further enhance child-rearing development, we aim to create an environment where everyone can easily, have and raise children. And where children, the future leaders of our society, can grow up healthy with smiling faces. Through efforts to eliminate waiting children, we are creating child-rearing support networks and promoting self-reliance support groups for single-parent families.

基本施策3

児童虐待・DVの防止と 被害者支援の強化

学校・地域・家庭で人権教育等の推進により、児童虐待・DV根絶の気運の醸成を目指します。また、就業や住宅確保のためのつなぎサポート等により、被害者への自立支援を行うとともに、児童虐待・DVを予防・早期対応することができる体制の構築を目指します。

Basic Measure 3 Enhancement of the Prevention of Child Abuse/Domestic Violence and Victim Support

In an effort to eradicate domestic violence and child abuse, we aim to promote human rights education at schools, communities, and homes. We will continue supporting the independence of victims by providing employment and housing support and aim to build a system that can prevent and respond to child abuse and domestic violence at an early stage.

基本施策4

障がい者(児) 福祉の充実

障がい者(児)を含む全ての市民が暮らしやすい地域社会の実現に向け、関係機関との連携のもと、日常生活や就労支援により、障がい者(児)が住み慣れた地域で自立、安心して暮らすことができるまちを目指します。

Basic Measure 4 Enhancement of welfare for persons (and children) with disabilities

To realize a community where all citizens, including adults and children with disabilities, can live comfortably, we aim to create a community where those persons can live independently and safely in their familiar neighborhoods. We will do this by providing daily life and employment support in cooperation with related organizations.

基本施策5

高齢者介護・ 福祉の充実

高齢化が進展する中、高齢者の社会参加を進め、生きがいをもって生活することができるまちを目指します。また、支援や介護が必要となる場合でも、可能な限り住み慣れた地域で生活を送ることができるよう、誰もが支え合う共生社会の実現を目指します。

Basic Measure 5 Enhancement of Care and Welfare for the Elderly

As the population ages, we aim to create a city where the elderly can participate in society and live with a sense of fulfillment. In addition, we aim to realize a symbiotic society where everyone supports each other, so that even if they need support or nursing care, they can possibly live many more years in their own familiar neighborhoods.

基本施策6

生活困窮世帯への 支援・労働福祉の推進

誰もが安定した生活が送れるように、生活保護制度や国民年金制度等の周知及び支援を実施するほか、生活困窮世帯に対する就労支援や、子どもたちに対する学習支援を行い、市民の生活向上を目指します。

基本施策7

健康づくりの推進

母子保健活動の推進や、各種健康教室、健康相談等の充実により、全てのライフステージに応じた健康づくりを支援するとともに、西普天間住宅地区跡地への沖縄健康医療拠点の形成を見据え、市民が生涯にわたり、健康でいきいきと暮らすことのできる健康都市の実現を目指します。

Basic Measure 6 Support for needy households and promotion of labor welfare

To ensure that everyone can lead stable lives, we will promote public awareness with support from the public assistance system and the national pension system. In addition, we will provide employment support for needy households and education support for children to improve the lives of our citizens.

Basic Measure 7 Promotion of health promotion

In addition to promoting health support at all stages of life and by promoting maternal and child health care activities, enhancing a variety of health classes and health consultations, we aim to realize a healthy city where citizens can live healthy and active lives. We hold the vision of creating an Okinawa health medical center on the former site of the West Futenma Housing Area.
