～Aiming to create a safe and secure community in which people can live comfortably

The council deliberates and decides on the city's budget, enactment, amendment, and repeal of ordinances. They also, as representatives of the people, debate other important proposals for the management of the city government. The city council consists of elected members who hold a term of office for 4 years, quorum:26. Regular meetings are held quarterly in March, June, September, and December. Special meetings are held when necessary.

The council has standing committees for general affairs, economy, construction, welfare, and education. Special internal organization committees deliberate and investigate numerous bills from specialized perspectives. The Council Steering Committee has been established to ensure the smooth operation of the City Council. Council meetings are open to the public and can be viewed via website where the minutes of the meetings can be read.
