CH-53E	Super Stallion	8
UH-1Y	Venom	3
AH-1W	Super Cobra	9
UC-12W		1
UC-35D		3

# U.S. Military Facilities on Okinawa

Okinawa makes up a mere 0.6% of Japan, but 74% of the total surface area in use by the U.S. military in Japan is located in Okinawa and 32% of that land is privately owned. This is a very different circumstance from the military facilities located on the mainland, where 87% of the land in use is government-owned.
