

➤ Quarterly Meeting

Quarterly meetings are held throughout the year with the Commanding Officers of MCAS Futenma, Camp Foster/Lester, and the U.S. Naval Hospital, which are all located within Ginowan City, to create an opportunity for each party to address concerns, find feasible solutions, and share ideas on a local level.

November 23rd 2018 Location: Restaurant on Camp Foster

We have negotiated natural disaster evacuation procedures to allow locals and emergency vehicles on base.

As a result of the Disaster Response Evacuation Agreement there has been some confusion among the ordinary local citizens. If they can pass through the base in the event of an evacuation. After that, the citizens who have entered the base and confirmed the evacuation route will continue to carry out the related training.
