

基地跡地の未来を担う人材育成のため市内中学生の海外留学に向けたプロジェクト

趣旨、目的

本市は、まちのど真ん中に普天間基地を抱え市内の小中学生は日々騒音など、基地負担に悩まされています。

その一方で、普天間基地の返還を見据え、大きな可能性を秘めた基地跡地というフィールドにおいて活躍できる、世界に目を向けた人材を育成していくことが求められています。

基地跡地の未来を担う国際的な視野を持った人材を育成する第一歩として、市内の中学生に海外留学を経験させる事業を行うため、「ガバメントクラウドファンディング」により寄附を募ることとしました。

※「ガバメントクラウドファンディング」とは、自治体が抱える問題解決のため、寄付金の使い道を具体的にプロジェクト化し、そのプロジェクトに共感した方から寄付を募る仕組みです。

中学生に経済的負担なく平等に海外留学へのチャンスを与えるため、自己負担ゼロの実現を目指しています。

基地跡地の未来

2017 年留学報告会

Through this studying abroad
I think that I have grown up from this program, I was not good at listening to English. But now, I listened to each word carefully. So I can hear it now.
I was also able to learn things. I could only learn there. At first, I couldn't use English. So, I couldn't communicate with my host family. Even if I didn't use the English, my host mother still understood. So I thought I should try to speak English more. On the last week, I had a conversation with my host mother until I would enjoy it and I was able to understand it finally. I was happy because everyone was very kind to me.
The other program members were amazing. And the American people were very nice. This is a summer I will never forget. Because of everyone I was able to grow and I am grateful of that. This was amazing experience and I will never forget it. I will keep moving from this.

留学で助けてくれた皆に感謝
My host family is a happy family, always smiling. When I met them for the first time, I felt relieved because they were nice to me. My host mother Tiffany, my host father, Jared, my host brother, Aiden, and my host sister Emily, were very kind to me. Aiden is eight years old. He taught me a lot of words and idioms. On the second weekend, we went to the river where it takes two hours to go by car. I learned how to jump into the river and I felt so great.
On the last weekend I was there, we went to a Christian Concert. I was very excited. I was a little bit surprised because my host family was so excited that they were singing very loudly. It is one of the best memories in my life.
